INDEX

VOLUMES 179 and 180

COMPANY PROFILE

A Clean Operation. *Ritter's Nursery & Florist, Spokane, WA* ....May 15:54
Doing the Right Thing. *Platt Hill Nursery Inc., Bloomingdale, IL*....Feb. 15:62
Eye on the Ball. *Clyde Haase Landscape Inc., Spokane, WA*....Jan. 15:38
The More Things Change...the More They Stay the Same. *Woodburn Nursery and Azaleas Inc., Woodburn, OR* ....Nov. 15:42

ENVIRONMENT

Clearing the Air ....Nov. 1:12
Clinton Gives Nod to Natives....July 15:13
The Effect of Reduced Water Supply on Cold Hardiness of *Rhododendron* 'Catawbiense Boursault' ....Nov. 15:73
Environmentalists Find the Grass Isn't Always Greener at the White House....Aug. 1:15
EPA May Change Tack on Agricultural Chemicals Nov. 15:14
EPA Seals Methyl Bromide's Fate....Feb. 1:97
EPA Seeks to Contain Pesticides ....Sept. 1:12
Global ReLeaf Kicks Into High Gear....Oct. 1:12
Is the Endangered Species Act Endangered? ....Oct. 15:10
Let There Be Light . . . and Savings ....June 1:13
Methyl Bromide Granted a Reprieve....Jan. 1:85
Only *You* Can Prevent Wildfire Loss. *Using fire-resistant plants to protect against blazes*....Oct. 15:26
Phasing Out Fertilizers?....Feb. 1:15
Recycling Reconsidered....Oct. 15:10
Regulators Get the Drift....Aug. 1:15
SARE/ACE: Say That Three Times Fast ....Sept. 1:12
Wisconsin Develops Agricultural Chemicals Cleanup Program ....April 1:17

Composting

Amending the Cost of Media. *Composted rice hulls as a media component*....May 15:47
Calculating Compost Capacity. *Success with compost involves economics, agronomics and common sense*....April 1:47
Compost Happens. *A Michigan landscape company turns organic-waste legislation into an opportunity for a new venture* ....Dec. 1:51
Fine Tuning the Composting Process....Feb. 15:25

Environmental movement

America's Highways Go Native ....March 1:17
Autumn for Green Groups ....Dec. 15:20
The Changing Face of Pesticides....Nov. 15:26
Environmentalism and Development Can Mix ....Feb. 15:25
Environmentalists Find the Grass Isn't Always Greener at the White House....Aug. 1:15
Going After the Great American Lawn....Jan. 1:13
Is It Time To Cool Off About Global Warming?....May 1:15
'Jardin Encore' Showcases Recyclables ....June 15:21
McDonald's Goes Green....March 15:29
Ohio Antipollution Effort Spurs Showdown....June 15:21
Outdoor Power Equipment Will Get Cleaner ....May 15:19
Pesticide and Container Collections Shift Into High Gear....June 1:67
Plants Integral to 'House of the Future' ....July 1:23
The Politics of the Environment....Nov. 15:14
A Rain Forest With All the Furnishings ....Dec. 1:12
Safety of 'Inert' Chemicals Questioned....July 15:77

Soil

Fighting Thatch Biologically ....March 15:29
The New Age of Erosion Control....Oct. 1:12
No-Till Gets a Stamp of Approval....May 15:19
Soil Conservation, Canadian Style ....Sept. 15:16
Soil Conservation Efforts Proving Successful....Nov. 1:12
Soil Sleuthing ....Dec. 1:12

Water conservation

Agriculture Faces Tougher Water Restrictions ....July 15:13
Rainy Day Dollars....July 1:23
A Thirst for Conservation. *Using and treating recycled irrigation water*....Jan. 15:56
Thirst Quenching. *Keep landscapes from wilting in summer* ....Aug. 1:43
Water Conservation of Nonturf Ground Covers vs. Kentucky Bluegrass ....Oct. 15:85

Water (irrigation)

Comparison of Cyclic and Continuous Irrigation in Container Nurseries....Dec. 15:128
Irrigation Sand Filter....Aug. 15:128
Irrigation Tune-Up. *How to evaluate irrigation efficiency*....March 15:69
A Thirst for Conservation. *Using and treating recycled irrigation water*....Jan. 15:56
Water Conservation of Nonturf Ground Covers vs. Kentucky Bluegrass ....Oct. 15:85

Water (quality)

Clinton Seeks To Toughen Clean Water Act....April 15:17
Cover Crop Options For Clean Water ....Dec. 15:20
Horticultural Runoff Targeted in Minnesota, Texas...May 15:91
Scrubbing Away Toxins With Peat Moss....April 15:19
Sinkholes Present a Challenge to Safety and Groundwater Quality ....April 15:19
Study of Container Nursery Nitrate Runoff Is Complete....April 1:17

Wetlands

Clinton's Wetlands Policy Gets Legislative Boost....Jan. 1:13
Emergency Program Returns 25,000 Acres to Wetlands ....May 1:15
Hofstra University Lets Utility and Nature Coexist ...Jan. 15:19
Made for Mud. *Native flowers for wet spots*....Nov. 15:30
Sites to Behold. *Landscape company restores wetlands*....Oct. 15:40
Soil Conservation Agency to Take Lead in Agricultural Wetlands Regulation ....March 1:17

Soil Conservation Agency to Take Lead in Agricultural Wetlands Regulation ....March 1:17

Swamped with Natives. *Production of lowland plants* ....July 1:104

EQUIPMENT

Bare-Root Display Case ....Sept. 15:80
Computers and Plants Mix to Benefit Growers and the Environment ....July 1:28
Container Carrier ....Feb. 15:105
Depreciating Yourself Right Out of Business. *Calculating equipment depreciation* ....Jan. 1:78
An Ergonomic Checkup. *Computer-related health issues* ....March 1:59
Gearing Up for Smooth Running. *Engine maintenance* ....March 1:46
Lush Landscapes. *Use diagnostic tools to monitor plants and solve health problems early* ....Nov. 15:54
Portable Root-Wash Station ....June 15:89
Portable Soil Meters ....Jan. 15:93
Putting the Sun to Work ....April 15:21
Treating Your Sprayer to a Spring Cleaning ....Feb. 15:104
Tree Sled ....Jan. 15:97
Trimming Tree Damage ....March 1:83
Zelenka Gets an Eye in the Sky ....April 15:21

GROWING

Amending the Cost of Media. *Composted rice hulls as a media component* ....May 15:47
Container Carrier ....Feb. 15:105
The Copper Connection. *Growing woody ornamentals in copper-treated containers* ....Feb. 15:52
A Dearth of Dogwoods ....July 15:77
The Effect of Reduced Water Supply on Cold Hardiness of *Rhododendron* 'Catawbiense Boursault' ....Nov. 15:73
Estimating Daily Water Requirements for Potted Ornamental Crops ....May 15:85
Harvest Method Has No Influence on the Growth of Transplanted Green Ash ....March 15:87
Polyethylene Sleeve Containers for Container-Grown Trees ....Feb. 15:97
Pot-in-Pot Installation ....April 15:95
The Root of the Matter. *Temperature damage to roots in containers* ....July 1:127
Security Blankets. *Structureless overwintering systems for container-grown herbaceous perennials* ....Oct. 1:54
Shipping Liners ....March 15:95
Signs of Maturity. *A German grower describes what it takes to produce really big trees* ....June 1:32
Successful Scheduling. *Meshing woody ornamental and perennial production* ....Aug. 15:101
Swamped with Natives. *Production of lowland plants* ....July 1:104
A Taste for Topiary. *How to create herbal topiaries* ....June 15:54

Nutrition

Evergreens Vary in Sensitivity to Foliage Burn From Over Application of Foliar Fertilizer ....March 15:89
Feeding the Frenzy. *Effects of fertilizer deficiency on seven popular perennials* ....Sept. 1:46
Fertile Results. *Controlled-release fertilizer trials* ....July 15:60
'Forevergreen.' *Fertilizer treatments can extend the life of azalea leaves* ....Sept. 1:54

Propagation

The Effect of Light and Temperature on Seed Germination of *Rhododendron carolinianum* ....Oct. 15:82
Forever Young. *Controlling stock-plant juvenility brings best results in cutting propagation* ....July 1:51
Good 'N Hardy. *Growing hardy ferns can be worthwhile* ....Dec. 15:116
Perennial Preservation. Ericaceae *propagation and production* ....March 15:64
Seeds of a New Theory. *A chemist's theories on germination* ....June 15:42

LANDSCAPING

Anatomy of a Sting. *California cracks down on unlicensed contractors* ....May 1:47
Calculating Compost Capacity. *Success with compost involves economics, agronomics and common sense* ....April 1:47
A Clear Path to Cold Cash. *Establishing a snow-removal service* ....Aug. 15:114
The Effect of Trees on Summertime Temperatures and Relative Humidity in an Urban Area in the Midwest ....Sept. 15:70
The Effects of Leaf Removal on the Survival of Transplanted Palms ....March 15:88
Eye on the Ball. *Clyde Haase Landscape Inc., Spokane, WA* ....Jan. 15:38
Grasses Galore. *How to design with and care for ornamental grasses* ....Feb. 1:34
Guess Who's Coming to Dinner? *Research on preventing deer damage* ....Aug. 1:48
Herbal Hit Parade. *10 best-selling herbs* ....Nov. 15:48
How to Avoid the Blues While Putting on the Green. *Hardy Midwestern plants* ....Sept. 15:55
Lush Landscapes. *Use diagnostic tools to monitor plants and solve health problems early* ....Nov. 15:54
The Natural. *Low-maintenance naturalized plantings with perennials and bulbs* ....Aug. 15:36
Only *You* Can Prevent Wildfire Loss. *Using fire-resistant plants to protect against blazes* ....Oct. 15:26
Precious Stones. *How to use and install stones in the landscape and garden* ....April 15:77
Red, White, Blue . . . and Green ....Feb. 1:15
Thirst Quenching. *Keep landscapes from wilting in summer* ....Aug. 1:43
Tree and Flower Tile ....May 15:93
We've Got You Covered. *New England ground cover choices* ....Dec. 15:111
Wild Thing. *Residential wildflower meadows* ....July 1:42
Windbreaks Can Provide Relief for Farmers, Homeowners ....Jan. 15:19
Wood Weathers Well. *Ensure a long service life for your outdoor structures* ....July 1:111

INDEX

Landscape design

Climate Control, Part I. *Energy-efficient residential landscapes for cool regions* ....June 15:64
Climate Control, Part II. *Energy-efficient residential landscapes for temperate regions* ....July 1:74
Climate Control, Part III. *Energy-efficient residential landscapes for hot, arid regions* ....July 15:50
Climate Control, Part IV. *Energy-efficient residential landscapes for hot, humid climates*....Aug. 1:56
From Street to Door: The Entry Experience. *Design an entryway that reflects the client's tastes and bids visitors welcome* ....May 15:68
Getting Graphic. *The basic components of the landscape-design process*....Feb. 1:60
History Lessons. *How to recreate or design a historic garden* ....Sept. 1:36
A New Lease on Life. *North Carolina residence landscaping*....June 1:38
Only *You* Can Prevent Wildfire Loss. *Using fire-resistant plants to protect against blazes*....Oct. 15:26

The Secret Garden. *Residential walled English garden* ....Feb. 15:78
Sneaker War Spoils. *An Oriental-flavored garden at Nike Inc. headquarters*....Dec. 1:28

Landscape installation

How to Avoid the Blues While Putting on the Green. *Hardy Midwestern plants* ....Sept. 15:55
A New Lease on Life. *North Carolina residence landscaping*....June 1:38
On the Lake, by George! *Summer home landscaped during winter*....Nov. 1:38
Overcoming Gridlock. *Urban backyard landscaping* Aug. 15:72
Reducing Palm Transplant Stress....Nov. 15:29
The Secret Garden. *Residential walled English garden* ....Feb. 15:78
Sites to Behold. *Landscape company restores wetlands*....Oct. 15:40
Sneaker War Spoils. *An Oriental-flavored garden at Nike Inc. headquarters*....Dec. 1:28

LEGAL

In Defense of Age. *Avoid age discrimination lawsuits* Dec. 1:58
Managing Growth. *Key legal issues for expanding businesses* ....June 1:62
On Legal Grounds. *Hiring and firing employees*.....May 1:58
Sexual Harassment. *Protecting yourself from litigation*...April 1:65
Straightening Out Your Bottom Line. *Detecting and controlling workplace drug and alcohol abuse*.....Oct. 1:67
Taking All the Credit. *Employee credit card fraud*....Nov. 15:67

MANAGEMENT

Creating Clout. *How to lobby effectively* ....May 1:67
Doing the Right Thing. *Platt Hill Nursery Inc., Bloomingdale, IL*....Feb. 15:62
Eye on the Ball. *Clyde Haase Landscape Inc., Spokane, WA*....Jan. 15:38
Managing Growth. *Key legal issues for expanding businesses* ....June 1:62
Taking All the Credit. *Employee credit card fraud*....Nov. 15:67
A Younger Workplace. *Preparing young people for the workplace* ....Nov. 1:61

Computers

Instantaneous Insect Identifications....Sept. 15:36
UPC Revisited. *Computerized check-out systems* .....July 1:92

Customer service

How to Avoid the Blues While Putting on the Green. *Hardy Midwestern plants* ....Sept. 15:55
Redefining Customer Service. *Quality customer service requires sharing knowledge, information and expertise*....April 15:85
Shoot to Sell. *Using photos to increase sales* ....Oct. 1:46
A Winter's Tale. *Winter seminars help you boost off-season sales* ....July 1:119
Why Customers Prefer Garden Centers....Dec. 15:128

Employee management

Calming Their Fears. *Dealing with employees' resistance to TQM*....Jan. 15:81
Marriage Rites, Employee Rights. *Marital-status discrimination* ....Sept. 1:67
Motivation Through Communication. *Determining what employees really want* ....June 15:77
On Legal Grounds. *Hiring and firing employees*.....May 1:58
Sexual Harassment. *Protecting yourself from litigation*...April 1:65
Straightening Out Your Bottom Line. *Detecting and controlling workplace drug and alcohol abuse*.....Oct. 1:67
A Team for all Seasons. *Attracting and retaining employees*....April 1:58
Troubled Employees. *Addressing employee addiction*...Feb. 15:90
A Younger Workplace. *Preparing young people for the workplace* ....Nov. 1:61

Financial management

Depreciating Yourself Right Out of Business. *Calculating equipment depreciation* ....Jan. 1:78
Preparing for the Worst. *Federal disaster aid procedures* May 1:52
Reaping Profits. *Budgets can help you plan for the future*....Dec. 1:56
Taking All the Credit. *Employee credit card fraud*...Nov. 15:67
What Is Your Business Worth? *Determining the value of a business*....Sept. 1:62

Health care

An Ergonomic Checkup. *Computer-related health issues*....March 1:59
Rating Reform. American Nurseryman's *health care fax survey*....May 1:30

Kehoe on Quality series

Building Partnerships With Customers. *Achieve perfect customer service* ....March 15:74
Calming Their Fears. *Dealing with employees' resistance to TQM*....Jan. 15:81
Doing a Checkup. *Keep your company in good shape* ....Feb. 15:85
The First Year. *A road map for TQM*. ....July 15:69
Getting Employees to Solve Problems on Their Own. *A step-by-step system for solving problems and making decisions*....May 15:79

Getting It Right the First Time. *Find out what's making your company inefficient*.....April 15:66
The Measure of Success. *Measuring your progress sets a standard for total quality*.....June 15:73

Marketing

The 'Ah!' Factor. *English growers tailor promotions to garden centers*.....Oct. 15:68
Bella Italia. *US growers tour Italian nurseries* .....Oct. 15:59
A Clear Path to Cold Cash. *Establishing a snow-removal service* .....Aug. 15:114
Desert Oasis. *Water gardens in Southwestern landscapes*.....Sept. 1:42
Exploring the Global Market. *Exporting can enhance profits* .....Oct. 15:53
Golden Years. *Understand the aging process to effectively serve older consumers* .....Sept. 15:61
It's Showtime. *How to improve your trade show sales*...Nov. 15:63
Making a Scene. *Trade show exhibits*.....Feb. 1:78
Marketing Easy-Care Perennials and Herbs. *Tips to help sell these popular plants* .....Jan. 1:68
On Garden Pond. *Part II: Marketing water gardens and teaching customers how to stock and maintain them* .....July 15:29
On the Trade Show Trail. *Trade show experiences*...Feb. 1:69
Profiles Promote Plants to the Public.....April 15:91
Shoot to Sell. *Using photos to increase sales* .....Oct. 1:46
The Tallahassee Two-Step. *A retail nursery uses its sales and marketing techniques to cut in on the competition*.....Nov. 1:44
24 Business-Building Tips. *Sales and marketing techniques* .....June 1:55

Promotions

A Guide to Giveaways. *Using promotional products effectively*.....March 1:74
Project Daffodil. *Garden center public-service promotion*.....March 1:60
Sales By the Barrel.....Jan. 1:83

Safety

Treating Your Sprayer to a Spring Cleaning.....Feb. 15:104
Understanding OSHA. *What to do before the inspector arrives*.....May 1:74

Sales

It's Showtime. *How to improve your trade show sales*...Nov. 15:63
The Tallahassee Two-Step. *A retail nursery uses its sales and marketing techniques to cut in on the competition*.....Nov. 1:44

Wages

1993 Benefits Survey. *Benefits erode for industry*.....Oct. 1:38
1993 Wage and Salary Survey. *Industry loses 1992 gains and waits on 1994*.....Sept. 15:44
